College : Rajshahi Govt.City College

Result : GPA: 4.70 out of 5.00 Scale

Secondary School Certificate (S.S.C)

School : Rajshahi Collegiate School & College.

Result : GPA: 5.00 out of 5.00 Scale

Computer and Programing Skills:

- Having Strong Knowledge on OOP
- Programing Language (C,C++, Java, C#)
- Web Language (PHP, Laravel, HTML, JavaScript, Ajax)
- Graphical User Interface (JavaFx, CSS)
- Database (Oracle, MySQL, SQL)
- Tools (Visual Studio for C# and C++, Eclipse & Net Beans for JAVA, CodeBlocks for C++)
- Other : Web Design, Graphics Design, Data Structure , Networking, Network Security, Cisco System

Thesis:

Http version-2 protocol

In my thesis I've made an e-commerce site using Laravel, word press & magento. At first I implemented it on http/1 & then creating lamp server on Linux I converted those in to http/2.Then I test the performance. For testing I use webserver stress tool & selenium tool. Finally I got a result that http/2 & Laravel is providing better & faster performance. Then word press & then magento.

Academic Projects:

Mess Management System (Java, JavaFx)

This is a multiple user based management system where an admin/manager can edit, delete the other user information and add new member to the system. General User can add daily meal number, total bazaar cost etc. Finally every month it will show meal rate automatically.

Library Management System (C#, WPF)

This is a multiple user based management system where an admin/manager can edit, delete the other user information and add new member to the system. User can borrow book. And return book.

City view (OpenGL, C++)

I've made a city view in my computer graphics project.

Veus management (Php, Javascript, Ajax)

In this veus management teacher can upload note and student can see note. Student can message the course teacher.

Intrusion Detection System(IDS)(Network security)**Professional Project:****La-destino**

It's a travelling website. I've developed it by using Laravel framework. People can see the tour packages, they can also request for packages, ticket booking system is also there & they can also share their views.

Experience:

Working as a web developer(php,Laravel) at Radisson Digital Technology since February, 2019.

Extra Curriculum Activities :

Cricket: Pace bowling all rounder of CS Cyclones cricket team of AIUB & a player of Clemon City Club Cricket academy.
